

**Statement from Alabama Attorney General Luther Strange About  
Executive Order #13**

(MONTGOMERY) - Attorney General Strange issued the following statement in response to Governor Bentley's executive order #13:

"Governor Bentley's executive order is in line with my January 7, 2015, memo to Alabama District Attorneys and local law enforcement encouraging them to investigate and enforce our anti-gambling laws. I have been assured by the Governor's legal advisor that this executive order has no impact on the state's pending litigation, which I expect will further clarify the law to the benefit of state and local law enforcement."
