Robinhood FAQ (Frequently Asked Questions)

Q1: Is Robinhood open 24 hours?

Robinhood is available 24/7 for checking your account and trading crypto. However, stock market trading on Robinhood follows regular U.S. market hours, with extended-hours trading available.

Q2: Can I talk to people at Robinhood?

Yes. Robinhood offers live phone support and in-app chat support. You can request a call directly through the Robinhood app.

Q3: Can Robinhood do instant withdrawal?

Robinhood offers instant deposits but not instant withdrawals. Withdrawals to your bank usually take 1–3 business days.

Q4: Can you cash out anytime on Robinhood?

Yes, you can initiate a withdrawal at any time, but the transfer time to your bank depends on standard ACH processing.

Q5: How to withdraw Crypto from Robinhood?

You can withdraw supported cryptocurrencies by going to the crypto's detail page in the Robinhood app, selecting "Send," entering the wallet address, and confirming the transfer.

Q6: Where is settings in Robinhood app?

Tap the account icon (person silhouette) in the bottom right corner, then select Settings to manage preferences, security, and account details.

Q7: How to contact Robinhood?

You can contact Robinhood through the in-app Help Center. Select Contact Support to either chat with support or request a callback.

Q8: How do I talk directly on Robinhood?

Use the in-app Contact Support option to request a phone call from a Robinhood support representative.

Q9: How can I contact Robinhood Wallet support?

Wallet support is available through the same in-app Help Center. Navigate to Wallet Support and submit your issue to get assistance.

Q10: How do I connect to Robinhood?

Download the Robinhood app from the App Store (iOS) or Google Play (Android), sign up or log in, and link your bank account to get started.
